IV. UPDATES/DISCUSSION

- CPA Project Status/Application
 - Tennis Court application for CPA funding was pulled due to there being to any unknowns about the viability of the project. A lot of questions around the water table.
 - This application will be resubmitted next year, therefore enough time can be dedicated to make sure it's understood if the courts can stay where they are or need to be relocated.
 - Committee member question- Was someone hired to evaluate the courts?
 - Committee Chairman—No. It needs to be determined where the money for this evaluation would come from. Proposed CPA funds were only for the construction of the courts not the engineering study or hydrology study.

- The funding will not be lost, it will go back to the undesignated CPA fund and can be applied to any CPA application(s) submitted next year.
- Beach gate—Conversations occurred at the CPA meeting last week with concerns of limiting access to the beach/parking area.
 - The intent is not to limit access—Chairman has asked HHS Director, Kelly Dolan to talk with the Police Chief, Everett Moody on possible policies around beach use when not lifeguarded.
 - Gate is just being moved out a bit, but not abutting the road.
 - Resident comment- Concern with the gate being moved too far out toward the road, not allowing people to access the beach at all.
 - Committee member comment- Is there a reason why the new gate won't go back to where it is currently placed?
 - Committee Chairman—The gate needs to be moved out a bit to allow for better management of the parking lot when the beach is opened and closed.
